

Power

Application Deadline 1st November 2023

The Underground Electrical Power System at the Showgrounds is one of the most up-to-date installations in Australasia, with most supplies having Earth Leakage Circuit Breaker Protection.

You are advised that any electrical equipment that your company brings on to the Showgrounds, such as electrical cords, multi-plug boxes, refrigerators or any other appliances, comply with the latest relevant Safety Regulations and Codes. You are also advised to bring your own Portable Earth Leakage Units for your appliances, if an appliance becomes faulty it will trip your Unit rather than the main system.

Please note: All portable electrical equipment on site must have a current electrical testing tag, complying with NZ3760 wiring regulations. All catering caravans (outside food sites) must have a current electrical WOF NZ3019.

The On Site Electrical Workshop is on the south side of the Issac Construction Premier Ring, on the corner of Fincham Lane and Macfarlane Avenue. The Electricians will be on site during Show week.

Costs include:

- Standard 10amp Single Phase 3 Pin Outlet to an individual stand-alone site \$225.00 + GST.
- Standard 16amp Single Phase Blue Outlet to an individual stand-alone caravan or food truck \$255.00 + GST
- Multiple site, Trade and Retail Areas \$185.00 + GST
- Multiple site, Food/Wine/Beer Areas \$210.00 + GST
- Large catering, Trade or Hospitality sites will need to make direct contact with D. Reynolds Electrical for pricing.
- All coffee vendors need to make direct contact with D. Reynolds Electrical for individual pricing.
- Sites requiring Three Phase need to make direct contact to D. Reynolds Electrical for individual pricing.
- Site alarms for hire - \$265 + GST

We also have 500 watt Display Lighting to hire for \$40.00 + GST for the duration of The Show.

For information on larger power supplies, coffee machines, catering equipment and three phase supplies, please contact D. Reynolds Electrical on 03 348 5955, 0274 440 119 or accountsdreynolds@snap.net.nz

If you require a power supply to your site, fill in the form and return to D. Reynolds Electrical.
