www.theshow.co.nz

All lots will be sold subject to the Conditions of Sale of the New Zealand Stock & Station Agents Associations, and subject to the Conditions as listed below.

- Entries must be made on the official entry form and must be signed by the Vendor or his Agent with such signature confirming that all conditions are accepted by the Vendor.
- Any loss or injury to any animal whilst at the Canterbury Agricultural Park shall be the sole responsibility of the Vendor, and if sold, the Purchaser.**
- All Lots must be registered in the appropriate Flock Book, or be eligible for registration.
- Vendors must complete Entry Forms accurately and in full, including the names and tag numbers applicable to the Lot's 3 generation pedigree. If the Vendor is not the Breeder, the name and flock number of the Breeder must be stated.
- The latest NZGE analysis run will be used for populating the Canterbury Ram Fair Catalogue this year. In this way, rams can be selected on the same information that will be published in the sale catalogue. SIL welcomes your feedback on this which should be forwarded to sil.help@sil.co.nz.
- Entry Fees shall be those as stated on the accompanying sheet.
- PENNING – Please inform your selling company, prior to the day of sale of any changes. It is the vendor's responsibility to display this information on the pen.**
- All Lots entered by Vendors who presented Lots at the previous Canterbury A&P Association Ram & Ewe Sale will be offered for sale before Lots from Vendors who did not present Lots at the previous sale.
- The selling order of Lots presented shall be determined by the calculated average prices received by each Vendor in each Breed at the previous sale, with the Vendor obtaining the highest average selling first and thence in descending average order. The selling order of Lots from Vendors who were not represented at the previous sale shall be decided by random selection.
- Vendors must nominate the order in which their Lots are to be sold, and the order in which the Lots appear on the Entry Form will be assumed to be the nominated order.
- Vendors offering 3 or more sheep will have their entry divided into two runs, with the greater half (if the numbers are uneven) entered in the first run.
- All Lots will be offered for sale in the order set out in the catalogue.
- The upset price per Ram shall be \$700, Ewes \$200 or the Vendors reserve. Transfer \$2000. The minimum price for any Lot sold outside the sale ring shall be Ram \$1,000, Ewe \$300.
- Overseas Export: Prior to auction - Purchasers who wish to export the animal/s ("Export Purchasers") must advise the auctioneers at least 2 hours prior to the sale commencing that they are considering purchasing specific breeds at the auction. The Auctioneers will then advise all vendors of relevant breeds that their animals are being considered for export. Vendors not wishing to have their animals considered for export are to advise the Auctioneers.
- Overseas Export: Purchase at auction by Export Purchasers is conditional upon the animal/s purchased passing all relevant export protocol and testing (conducted at the Export Purchaser's expense). Full payment (plus GST) will be made at the fall of the hammer to the Auctioneers as per usual terms and conditions. Payment will be held by the Auctioneers until the animal/s leave New Zealand. Payment will be refunded to the Export Purchasers less all associated export costs for any animal/s purchased failing export protocol and testing.
- Auctioneers must announce the names of the purchaser of each Lot at the fall of the hammer.
- At the fall of the hammer, all Lots sold will become the responsibility of the Purchaser. In the event of a Lot being passed, the responsibility for the Lot shall remain with the Vendor.
- All Lots entered must be from a flock **accredited brucellosis free as at the time of sale**, with copies of brucellosis certificates required to accompany entry forms. All Texel entries must be accompanied by an i-SCAN^{CLB} certificate. Forms to be uploaded with your entry or emailed to ramfair@theshow.co.nz.
- Rams or Ewes not included in the Sale Catalogue may not be offered for sale at the Canterbury Agricultural Park on the day of the Canterbury A&P Association Ram & Ewe Sale under any circumstances.
- Purchasers must complete and hand their Buyer's Instruction Slip to the Auctioneer's Clerk before leaving the sale. No verbal instruction will be accepted.
- All Lots must be removed from the Canterbury Agricultural Park before 9.30pm on the night of the sale.

Brent Chamberlain, Chairman Elite Ram & Ewe Sale Committee

UNDERSTANDING NZGE INFORMATION

The data used to populate this catalogue is generated by The New Zealand Genetic Evaluation (NZGE) which is managed by Beef + Lamb New Zealand (B+LNZ) Genetics.

THE NEW ZEALAND GENETIC EVALUATION

The NZGE is the national across-flock and across-breed sheep evaluation that identifies the best rams for economic traits. It objectively “compares” the performance of various traits – making it a powerful source of genetic information for breeders and commercial farmers.

MEASURES OF GENETIC MERIT:

Breeding values are termed as “gBV” (genomically informed breeding value). For simplicity, the breeding value for animals with no genomic information is still denoted as gBV, as it comes from the same analysis.

They are expressed in the units the trait is measured in (e.g. kg for weight, number of worm eggs in faeces) and are an estimate of the value of a ram’s genetic merit for the trait. Generally, a more positive gBV is more favourable, but there are some exceptions (e.g. less worm eggs are more favourable).

Indexes are created with the commercial farmer in mind. An index is an economic value applied to a grouping of gBVs. A positive economic value is always more favourable.

DEFINITIONS FOR NZGE TERMS

ABBREVIATIONS DEFINITION	
NLB gBV	Number of lambs born
WWT gBV	Weaning weight – “lamb growth”
LW8 gBV	Body weight at 8 months of age – rates animals for post-weaning growth
EMAc gBV	Eye muscle area in 18kg carcass
FATY gBV	(Whole carcass) Fat yield – kg per kg of carcass
FW12 gBV	Fleece weight at 12 months of age
NZMW index	The New Zealand Maternal Worth Index is expressed in cents per ewe mated for dual purpose sheep, based on capped reproduction (DPCR), lamb survival (DPS), lamb growth (DPG) + adult size (DPA).
NZTW index	The New Zealand Terminal Worth Index is expressed in cents per lamb born for terminal sheep, based on lamb growth (TSG), meat yield (TSM) and lamb survival (TSS).

INTERPRETING THE TABLES

TRAITS	NLB	WWT 100 days	LW8 200 days	EMA 180 days	FATY kg/kg	FW12 kg	NZTW Index	NZMW Index
gBV	0.030	5.835	8.177	-0.069	-0.494	0.041	1681	1806
Source	Within Flock	Across Flock	Across Flock	Across Flock	Across Flock	Within Flock	Across Flock	Within Flock
% Band		10%	30%	90%	50%		30%	
Actual	1/1	48.6 kgs	70.0 kgs	21.5 cm ²	4 mm	3.2 kgs		
Date (day/month)		10/12/20	17/04/21	17/04/21	17/04/21	15/09/21		

REMARKS:

gBV: the breeding value expressed in units the trait is measured in

Source: *Across Flock/Within Flock*

All breeding values and indexes are generated from the NZGE.

Only flocks connected for a trait or index can be appropriately benchmarked relative to other flocks.

- **Across flock** BVs and indexes can be validly compared against each other. Flocks unconnected for a trait or index cannot be appropriately benchmarked relative to other flocks.
- **Within flock** BVs and indexes cannot be validly compared against other flocks and should be considered as within flock values only.

% Band: a useful benchmarking resource for indexes and breeding values for connected flocks. The figure indicates the relevant percentile bracket – e.g. 10% would indicate the animal is in the top 10%. (50% being the average)

Actual: The actual value of the trait recorded.

Note: *Blank cells indicate there is no value for the animal. Only performance-recorded rams with data available in the NZGE, can generate a value.*

WHAT ABOUT STRUCTURE AND SOUNDNESS?

It is expected that rams put up for sale have been checked for soundness and ability to mate.

However, everyone has different ideas around characteristics they are looking for and what they are prepared to accept. B+LNZ Genetics recommends focusing on things that will either make or cost money, when selecting structure.

B+LNZ GENETICS - CONTACT DETAILS

For more information email: info@blnzgenetics.com, or phone 0800 745 435

PLEASE NOTE: B+LNZ Genetics and the Canterbury A&P Association have used **NZGE Analysis GE40955** from 27th October 2023.

PURCHASER:..... **PRICE:**.....

This sale will be hosted by bidr® (bidr.co.nz) as a HYBRID ON-FARM auction, with online bidding and a live-stream available for online purchasers.

All intending online purchasers must register with bidr® using an account held with one of the bidr® partner agencies in advance of the sale date.

The bidr® team is available to assist intending purchasers with signing up and registering - please call 0800 TO BIDR (0800 86 2437), or email enquiries@bidr.co.nz for assistance at any point.

Alternatively, contact your local bidr® representative:

UPPER NORTH ISLAND

Bruno Santos
027 221 8276

UPPER SOUTH ISLAND

McKenzie Alfeld
027 341 8066

LOWER NORTH ISLAND

Aimee Flynn
027 282 1710

LOWER SOUTH ISLAND

Sam Murphy
027 243 2736

SALES COORDINATOR

Olivia Manley
027 348 6354

Unable to make the sale?

Buy online on bidr® in 3 easy steps:

1

Sign up at **bidr.co.nz** and add your agency account under account details.

2

Browse auctions to find livestock you are interested in buying.

3

Login and register for the real time online auction to bid for the livestock you wish to purchase.

Our partner agencies:

Why use bidr®?

- Free to sign up
- Nationwide reach
- Bid from anywhere
- View auctions and sales results
- Pay for your purchases through your livestock agency account

Contact your bidr® Representative to sign up at **bidr.co.nz**

Are you buying rams fit for your flock?

nProve makes it easier for farmers to find the best genetics for their farming operation.

Using a series of buttons and slider scales, this easy-to-use online tool matches you with ram breeders who rank highly in the traits important to you. It's free to use, there's no need to register and it has helpful tips to get you started.

Discover genetics
fit for your purpose.
